

Winter Special Pricing

Save Money This Winter with PWF Winter Special Pricing

It's no secret that winter is the slowest time of the year at Private Water Fishing. Fishing can be sluggish as water temperatures fall. However, some of the biggest stringers of fish are caught in the dead of winter. Bass often "stack" in warm water pockets in the deepest parts of a lake. A slight 3 or 4 degree water temperature change in a certain part of a lake can cause giant bass to congregate in small areas. The owner of Heartland 10/10 ranch says that his biggest stringer of fish each year usually comes between late

winter day! This is not unique to His lakes; and this is virtually a universal rule in many of our deeper private lakes. Sometimes the worse the weather gets in the winter, the better the fish bite.

Here are the incentives from November 10th 2014 to January 31st 2015:

1) On **weekends** (Friday, Saturday, Sunday), book 3 people and get the 4th person free.

2) Book a **week day** trip for 2 or more and get the second and subsequent members and/or guests for 50% off. This means that the 2nd, 3rd, 4th, 5th, 6th, etc. guest or member fish for 50% off.

When you receive your reservation confirmation **IT WILL NOT REFLECT THE DISCOUNTED AMOUNT**. The pricing will be manually adjusted by PWF staff. The total will be corrected to reflect the discount, and an updated invoice will be sent to the reserving member. If the reserving member modifies the reservation, the pricing will reset to the normal (non-incentive) price, and will need to be manually corrected by PWF staff again. \$15 guest fee(s) will not be discounted.

Discounts apply to adult fishing rates ONLY. Lodging charges and youth fishing charges will not be discounted.
